COLLECTION 2025

Our Story

Our story began in 2015 when Loesje Donner Raedts and Yan Xu officially brought Vondels to life. It was a total love of all things Christmas combined with years of working in retail that led to the creation of the first Vondels ornaments. The eye has always been in the detail. Hand crafted, mouth blown, glass masterpieces, Vondels decorations are unique, bold and daring.

Over time the collection has grown. In fact we've created over 1000 ornaments, in all manner of shapes, sizes and sparkles. Plus our show stopping homeware collection will leave you wanting more.

We're all about celebrations. Vondels not only adds occasion to any moment, but makes every occasion something truly fabulous. Remember, it's always the season to shine.

Our Collection

This season we're serving up classic charm with a modern twist. Because as far as we're concerned, Christmas is all about enjoying and honouring traditions, wherever you are in the world. It's about keeping things new and inspiring. Yes, we want a room full of sparkle. A total talking point. Colourful, bright and full of sass, this Christmas has never looked so tempting.

A large, thick, pink liquid-like graphic with a shimmering, glittery texture, resembling a paint splash or a dollop of lipstick. It has a glossy, reflective surface with white highlights.
